Attachments: Summary of Public Comments.xlsx

Is this the most up to date table of comments? I plan to include a few more columns on whether comments addressed OSDS, New Development, Forestry and/or Ag and just wanted to make sure I don't update the wrong version....

Subject: Summary of OR Comments received

Team:

All comments received will hopefully be posted at <http://coastalmanagement.noaa.gov/nonpoint/oregonDocket/publicComments.html> by the end of the day today.

In all, we received 82 public comments from 81 individuals (one person sent a follow up comment). This does not include the state's comments. 46 comments were in support of our proposed decision, 20 comments were against our decision and 13 comments did not take a position or were for strengthened OR's NPS programs but against penalties.

Please see attached for an updated excel spreadsheet summarizing some of the main comments each commentor made. I did not include a summary of NWEAs comments as I figured everyone already has their comments.

Allison
